## BEDDINGS

This is the season to buy Bedding. If we may offer predictions based upon the results of previous years, then we are safe in saying that the next two weeks will find us selling more Bedding than is sold in any other two months of the year. The cause for the heavy demand of Bedding at this time of the year is due to the unusually large assortments and low prices we offer. In fact this is a sale that originated with this store several years ago. Today a sale of similar nature is held in most furniture stores, but the original sale—the one where the biggest values exist—is right here.

## WHO WANTS A Baby Carriage?

Probably if we asked who wants a horseless carriage many would read who are not interested in Baby Carriages. However, this news may be good reading to those who are not at present interested. The Baby Carriages themselves are the finest lot that ever passed through the freight depot in this city—they are the finest that can be had, because we bought them from a maker who has long been the acknowledged leader in his line, and this year the assortments were finer than ever. Come and see them.

The United States Quarries and Granite Construction company has made arrangements to subdivide into lots at Westerville that portion of the Bond property lying north of the main road leading to Westerville. There has been a demand for building lots on this property for some time, but on account of the Bond estate being unsettled until recently, when this company purchased it, the land was not available. The Westerville graded school is located at the corner of this property which makes it very desirable for homes for those engaged in quarrying and other business near Westerville. The company will retain the buildings and quarry land on the south side of the highway and adjacent to the Wood property which they control by leasehold.

Manager Joseph M. Gaites, of "The Mayor of Tokio" company is responsible for the new departure in the musical comedy line. He was especially anxious to preserve the integrity of his "Peanut Ballet" intact, having had a hard time to gather nine young girls able to fill the requirements of the number. With this end in view he has engaged a chaplain that is a veritable paragon among chaplains. Her name is Mrs. Edna Welsh, described as being plain featured, of unblemished reputation, strong character, pleasant disposition and possessed of a facility with the ways of the world. This is the same chaplain who had charge of the "Peanut Ballet" during the long and successful run of the piece at the New York theatre last season. For the edification of those young men who are in the habit of frequenting the stage door, it may be mentioned that Mrs. Welsh will be in attendance to see that her young charges are escorted from the stage door to their hotel when the company plays at the Barre opera house Saturday evening, April 20.
